

Dear Chula Vista animal shelter,

I just wanted to say thank you. One year ago from October 31, 2003 I adopted a golden retriever puppy. It was one of the best thing that ever happened to me. I can remember every day during summer going to the animal shelter just to check if you had any new dogs. I can also remember that we also almost got another dog I called her daisy but the lady in front of me got her I was very mad and I cried. But I got a dog another dog a couple months later and am very happy with him. We named him Charlie and he sleeps in my bedroom every night. Charlie loves every one that walks into this house. I taught him a couple of tricks and he loves to play with our other dog Jake. Jake and Charlie play for hours outside. I just wanted to tell you thank-you and I wanted to tell you how he is doing. Well got to go.

From,

Amanda Tinsley
